Ingredients

- ☐ 300 g extra firm tofu
- ☐ 3 tbsp sweet soy sauce - (or 2 1/2 TBSP soy sauce 1/2 TBSP honey)
- ☐ 1 tbsp rice vinegar
- ☐ 1-2 garlic cloves
- ☐ 1/2 tbsp red pepper flakes - or more if you like it spicy
- ☐ 4 tbsp corn starch
- ☐ 3-4 tbsp water
- ☐ 3 tbsp oil
- ☐ Garnish sesame seeds or chopped green onions

Instructions

1. Drain and press tofu with either a tofu press or in between a clean tea towel with something heavy on top to remove the excess water
2. In a small bowl or ramekin add the sweet soy sauce, vinegar, grated garlic and red pepper flakes. Add 1 tablespoon of cornstarch and 3 tablespoon water, stir or whisk to combine
3. Slice tofu into triangles or tofu cubes and coat in the remaining corn starch
4. Heat the oil in a non-stick pan over medium-high heat and add the tofu pieces in a single layer, making sure they don't touch. Pan fry for a few minutes on both sides until you have golden and crispy tofu
5. Pour the marinade into the pan which will become very bubbly instantly. Quickly turn all the tofu pieces over so they are coated on both sides and serve on a dish straight away

Garnish with the sesame seeds and enjoy your Crispy Sticky Tofu!
