1" ginger paste or grated ginger

2-3 small zucchini sliced & 1/2" d
1 cup frozen (thawed) edamame beans
I don't use peppers & same amount cremini:

- 4 ~~2.25~~ cups cabbage (shredded)
- 1.5 tablespoon Shaoxing wine $\times 3$
- 1.5 cup snow peas (cut in half at an angle)
- 1.5 cup fresh mung bean sprouts
- 5 scallions (split and cut into 2-inch pieces)

triple sauce

Instructions

1. Open the instant ramen and discard the flavor packet. Bring 6 cups of water to a boil. Add the noodles and cook for about 45 seconds to a minute, using chopsticks or a fork to stir occasionally. You want to just rehydrate the ramen until it breaks up from its rectangular form. It's important not to cook the ramen fully in this step! Once the ramen is rehydrated, immediately drain the noodles in a colander and rinse under cold water to stop the cooking process and get rid of the excess starch.
2. Combine soy sauces, oyster sauce, sugar, sesame oil, and white pepper in a bowl and set aside. Heat your wok over high heat, and add oil and garlic. Immediately add the peppers, mushrooms, carrots, and cabbage, and stir fry for 10 minutes. Next, add the Shaoxing wine and stir-fry for another 15 seconds. $\rightarrow$ until veg mix is sautéed down
3. Next, add in the cooked noodles, pulling them apart if they are stuck together. Pour the soy sauce mixture evenly over the noodles. Stir-fry for about 20 seconds using a scooping motion until the sauce is well distributed. Add in the snow peas, bean sprouts, and scallions. Mix well for another minute and serve!

4. serve with marinated ramen egg (use egg steamer or med boiled) (if by cools. can but)

NOTE: a lot of chopping veg, but comes together quickly.
